

Reference Certificate

To Whom it may concern

It is hereby certified that we have been in a good partnership with Protecta Electronics Company for more than 20 years. The followings played main role in creating and maintaining this relationship:

- Delivering products of good quality;
- Deliveries on time;
- Flexibility in handling the orders.

Protecta Ltd has always kept abreast of the latest and highest international technology level in manufacturing and designing its protective and automatic devices. These devices fulfill our requirements and have been operating well since their installations.

The following product groups delivered by Protecta Ltd have proven the truthfulness of the above facts to ELMŰ Hálózati Kft:

- DTIVA medium voltage feeder relay
- DTVA high voltage distance protection
- DTRV transformer protection
- OGYD busbar protection
- DVEZ bay control unit

Apart from the above listed standard products, the R&D group of Protecta Ltd has always been flexible in supporting us with developing unique products to fulfill our special requirements.

Budapest, 2012. március 7.

Kind Regards,

Kovács Zoltán
